

PERSANTE HEALTH CARE > BALANCE CARE

Leading Provider of Balance Testing Management

ABOUT PERSANTE HEALTH CARE

Persante Health Care is a national provider of sleep and balance center management services to hospitals, physician practices and patients. Persante's expertise in sleep and balance related disorders dates back almost 20 years under the names of Sleep Care Centers, Sleep Tech, Mid-Atlantic School of Sleep Medicine and Blackwood Medical.

The merging of these four unique industry leaders revolutionized the out-sourced delivery model of sleep and balance diagnosis and therapeutic treatment. This comprehensive approach to serving our client's patients in a high quality manner has earned recognition and accreditation from The American Academy of Sleep Medicine and The National Sleep Foundation.

WHY PARTNER WITH PERSANTE BALANCE CARE

More than 90 million Americans have experienced dizziness or a balance problem. Persante Balance Care provides turnkey services and solutions to enable providers to help patients decrease their fall risk and dizziness symptoms, improve balance, and increase their ability to perform daily activities. As a national provider of out-sourced sleep and balance diagnostic services, we manage many of the top health care programs in the country.

Persante offers customized services to meet the needs of your program. Together, we assess the requirements of your balance program and create a model to successfully manage and grow your center.

We provide the following services to our hospital partners in order to create a successful balance program:

- ▶ Facility design and construction
- ▶ Procurement and maintenance of diagnostic equipment
- ▶ Community outreach and clinical education
- ▶ Real-time performance metrics reporting
- ▶ Efficient medical records management, scheduling, and patient follow-up
- ▶ Quarterly business reviews for program growth
- ▶ Secure cloud-based environment with real-time access – without installation or download of PHI
