

# PERSANTE HEALTH CARE > SLEEP CARE

Leading Provider of Diagnostic Sleep Management Service

## ABOUT PERSANTE HEALTH CARE

Persante Health Care is a national provider of sleep and balance center management services to hospitals, physician practices and patients. Persante's expertise in sleep and balance related disorders dates back almost 20 years under the names of Sleep Care Centers, Sleep Tech, Mid-Atlantic School of Sleep Medicine and Blackwood Medical.

The merging of these four unique industry leaders revolutionized the out-sourced delivery model of sleep and balance diagnosis and therapeutic treatment. This comprehensive approach to serving our client's patients in a high quality manner has earned recognition and accreditation from The American Academy of Sleep Medicine and The National Sleep Foundation.

## WHY PARTNER WITH PERSANTE SLEEP CARE

As a national provider of out-sourced sleep diagnostic services, Persante Health Care manages many of the top healthcare programs in the country and has served leading, award winning hospitals in the country with American Academy of Sleep Medicine (AASM) accreditation-standard programs for strong, profitable sleep centers. We offer customized services to meet the needs of your program. Together, we assess the needs of the sleep center program and create a model to successfully manage and grow the center.

Our experience with starting new sleep centers and streamlining existing centers will make your program a success. An expansive team of well-trained technologists enables us to deliver prompt turnaround times and worry free operations. Partnering with Persante Sleep Care enables the hospital to offer high quality sleep services to your community while maximizing internal efficiency and return on investment.

## We provide the following services to our hospital partners in order to create a successful sleep program:

- ▶ Facility design and construction
- ▶ Procurement and maintenance of diagnostic equipment
- ▶ Community outreach and clinical education
- ▶ Real-time performance metrics reporting
- ▶ Efficient medical records management, scheduling, and patient follow-up
- ▶ Quarterly business reviews for program growth
- ▶ One-touch DME ordering
- ▶ Secure cloud-based environment with real-time access – without installation or download of PHI
