Persante Health Care may also collect device-specific information when you install and use an App including your device model, operating system information, advertising ID (which is a unique, user-resettable identification number for advertising associated with a mobile device) and App version and usage information. When enabled by you, we collect precise location information provided by your mobile device, which you may disable through the device settings.

Precise Geolocation Data

When enabled by you, we collect precise location information provided by your mobile device, such as latitude and longitude. We do so to provide you more relevant content including advertising based on your location. You may disable the collection and use of your location data through your device settings. Cookies and Other Tracking Technologies

We and our partners use cookies to collect information about your use of the Services. "Cookies" are small data files assigned to your browser when you visit a Persante Health Care Site which enable recognition of your browser and collect and store information about your use of the Services, as described above. In addition to cookies, we and our partners use other tracking technologies that collect information about your use of the Services, including mobile identifiers and "web beacons" which are small graphic files (sometimes called "clear GIFs" or "web pixels") embedded in a web page or email typically used to monitor activity and send relevant information back to a home server (which can belong to the host site, a network advertiser or some other third party). The information collected by such tracking technologies may be combined with other information that our partners have access to, including your name, email address and physical address, so that we can send you materials, either electronically or by direct mail, that may be of interest to you.

Our advertising service partners may use cookies and other tracking technologies to collect information about your use of the Persante Health Care Sites, including content you have viewed. These third parties may use this information to help Persante Health Care deliver advertising on the Persante Health Care Sites and on other third party websites based on your browsing activity on the Persante Health Care Sites. Persante Health Care may further tailor the advertising on the Persante Health Care Sites and these other third party websites based on additional information to the extent known by Persante Health Care or these third parties. Two of the third parties that Persante Health Care works with are Google and Facebook. In addition to using the information it collects performing services for Persante Health Care, Google may also use such information as described in its privacy policy. To see how Google may use information collected through our use of the Google services on the Persante Health Care Sites visit <https://www.google.com/policies/privacy/partners>. While Facebook does not provide any personal information to Persante Health Care, Facebook may use information that it has about you and that it collects performing services for Persante Health Care (which may be associated with personal information that Facebook has about you) as described in its privacy policy available at <https://www.facebook.com/about/privacy>.

To provide you with certain personalization and advertising services described herein, when you use our Persante Health Care Sites, we may share information that we may collect from you, such

as your email address (in hashed form), IP address or information about your browser or operating system, with our service provider, LiveRamp Inc. and its affiliates, which may in turn link demographic or interest-based information to your browser. To opt out of this use, visit https://liveramp.com/opt_out/.

We also work with third party ad networks to display advertising on our Persante Health Care Sites and on third party websites. Our ad network vendors use technologies to collect information about your activities on the Persante Health Care Sites and in our flagship Persante Health Care App to provide you cookie-based targeted advertising on our Persante Health Care Sites and on third party websites based upon your browsing activity and your interests.

For more information about how our cookies and other tracking technologies are used in connection with the Services, please read our Cookie Policy.

When you download and install one of our Apps onto your mobile device we assign a random number to your App installation. This number cannot be used to identify you personally, and we cannot identify you personally unless you choose to become a registered user of the App. We use this random number in a manner similar to our use of cookies as described in this Privacy Policy and in our Cookie Policy. Unlike cookies, the random number is assigned to your installation of the App itself and not a browser, because the App does not work through your browser. Therefore the random number cannot be removed through settings. If you do not want us to use the random number for the purposes for which we use cookies, please do not use the Apps. Our use of cookies and other tracking technologies on our mobile optimized sites and our flagship Persante Health Care App are similar to our use on our desktop sites. For your choices to reject cookies, the Network Advertising Initiative and the opt-out mechanism described below in the section "Your Choices and Rights" are available on our flagship Persante Health Care App and on our mobile optimized sites.

Cross-Device Tracking

We and our service providers collect and store information about users' interactions with unaffiliated websites and applications that use our technologies, including cookies and similar tracking technologies. This allows us to infer the presence of a common user or household behind multiple devices. We do so in order to:

- provide personalized advertising on each device that is inferred from the browsing patterns on all of the devices;
- detect and prevent fraud;

- allow users to use our service on one device and pick up seamlessly where they left off on another device;
- limit the number of times a user is shown the same advertisement, across known or inferred devices

For information on your advertising choices and opt-out, please see the "Your Choices and Rights" section of this Privacy Notice.

Persante Health Care does not endorse and is not responsible for the privacy practices of these Third Party Websites. You should review the privacy policy posted on the Third Party Website to understand how that Third Party Website collects and uses your information. Persante Health Care makes an effort to make it obvious to you when you leave a Persante Health Care Site and enter a Third Party Website, either by requiring you to click on a link

or by notifying you on the Persante Health Care Site before you visit the third party site. In addition, if you see a phrase such as "Powered by" or "in association with" followed by the name of a company other than Persante Health Care, then you are on a website hosted by a company other than Persante Health Care. When a co-branded service (a service operated with a partner of Persante Health Care, such as Sleep Tech Academy), or register or otherwise provide information on a co-branded site, where applicable, we may pass the collected information back to that partner, which may include third party service providers whose services are embedded into and/or appear within the Services.

These widgets may collect browsing data which may be received by the third party that provided the widget, and are controlled by these third parties. You may be able to manage your privacy preferences directly with the applicable social network platform.
